Hi Emma,

Have a few numbers and graphs for you.

I've run searches for the years between 1st February and 28th February for 2016-17, 2017-18 and 2018-19. The results are as follows. Bear in mind that these are occurrences and not just crimes (ASB would be an example of an occurrence and not a crime, although crimes do count as occurrences as well).

2016-2017: 825 occurrences
2017-2018: 849 occurrences
2018-2019: 1008 occurrences

Attached are a few graphs. The rolling 12 months ASB graphs shows the total number of ASB occurrences over a 12 month span by month. The crime rate graphs show the total number of crimes over a 12 month span with breakdown of crime type. Number of crimes are as follows:

2016-2017: 165 crimes
2017-2018: 228 crimes
2018-2019: 268 crimes (note that this is April-February rather than April-March as March occurrences have not been collated yet)

In terms of ASB, the numbers for March-February in the years 2016-2017, 2017-2018 and 2018-2019 are as follows:

2016-2017: 71 reports
2017-2018: 124 reports
2018-2019: 145 reports

I've also attached a graph to compare ASB rates in the surrounding areas to Hirwaun. Hirwaun has the highest ASB level this side of Aberdare, 50% higher than Penywaun. Aberdare town has the highest rate, clearly, but Hirwaun is also higher than Aberaman as well.

Any further questions, just ask!

Chris
